Catch My Breath

D A Gmi6 A

D A
Catch my breath, I'm needing to catch my breath

Gmi6 A
Since you've passed away, I'm wanting to feel that love again and

D A
Catch my breath, I'm yearning to catch my breath

Gmi6 A
longing to feel alive again, back to where it all began

F B^b F B^b
I've made it through these bad times, remembering all the good times

F B^b G A
In my heart you will always have a place...

Catch my breath, I'm wanting to catch my breath
Even though you've gone away, your love is here to stay

Catch my breath, I'm starting to catch my breath
I feel you close to me, in everything I see

F B^b F B^b
I'm starting to get on my feet again, starting to see the beauty and

F B^b G A
starting to feel the sun upon my face

Solo on A section

I'm starting to find my smile again, starting to feel on the mend
starting to know the breath within my soul

Catch my breath, I'm learning to catch my breath
Now I'm here to stay, you know I feel the love again and

Catch my breath, I'm living to catch my breath
I feel my life again, back to where it all began

I feel the warmth of life again, knowing now the beauty within
In this world you know I've found my place

Defenseless

©2010 – Teri Liles & John Kilburn

When you came into my life, my heart began to beat

It wasn't long before I loved you so

Soon the walls of Jericho began shake in shame

They started to fall and I became defense-less

The change you've made in me, broke the walls beyond repair

The courage you gave to me will never end

The joy you've brought to me, is a gift of a real true friend

You touched my soul and I became defenseless

Now I'm defenseless, you've broken down my walls

They don't stand at all, you know they're gonna fall

I am defenseless, believe me when I say

My smile is here to stay, I'll never turn away, I am defense-less

SOLO VERSE

If you hadn't come along, I wouldn't be who I am

But there's still a long long way to go

Now the journey has begun, walking hand in hand

You touched my heart and I became defenseless

Now I'm defenseless, you've broken down my walls

they don't stand at all, you know they're gonna fall

I am defenseless, believe me when I say

My smile is here to stay, I'll never turn away

You've brought joy into my life, found the key that opened the gates

To the fortress I've been hiding behind

There's just so much more to me than I let people see

But because of you the hold is no longer strong, I am defense-less

On My Way

©2010 – Teri Liles & John Kilburn

I... I'm on my way,
I'm on my way to knowing who I am
I... I'm on my way, to knowing who I am
Who I am, to knowing who I am

This journey has taken me to places,
and faces I'd never dreamed
So many people have come along
and watered that small seed
So many people have been beside me,
now I know who I am

I... I'm on my way,
I'm on my way to knowing who I am
I... I'm on my way, to knowing who I am
Who I am, to knowing who I am

I'm taking a break in life to
discover each part of me I never knew
It's me, it's a beautiful me
and knowing this in life has set me free
so much love I have inside me,
and now I know who I am

I know what I've been missing
I'm picking up pieces and I'm ready to start
I finally found my purpose
You know it happened when I opened my heart
And suddenly found my part, so now I'm on my way

I... I'm on my way
I'm on my way to knowing who I am
I... I'm on my way, to knowing who I am
Who I am, to knowing who I am

I know what I've been missing
I'm picking up pieces and I'm ready to start
I finally found my purpose,
you know it happened when I opened my heart
and suddenly found my part,
so now I'm on my way

I... I'm on my way
I'm on my way to knowing who I am
I... I'm on my way, to knowing who I am
Who I am, to knowing who I am (*open your heart so you can know who you are too*)

Fly Away (Nick's song)

Based on the poem "My Death" written by Nicolas George

E **A** **E** **A**
It's all new, nothing but new, seeing things clearly, feeling things clearly now too

E **A**
What should I have done knowing the end

What could we have done to slow the end and somehow mend

I guess I'll fly away far above the wind, fly away, to where love never ends

C#mi /B **F#/A#** **F#mi/A** **G#mi** **C#mi** **F#mi** **B**
It's time to fly away, so my soul can mend, to where my life began so now..

E **A**
What should I have done knowing the end

C#mi /B **F#/A#** **F#mi/A** **G#mi** **C#mi** **F#mi** **B**
